RESERVE EOARD PLANS A CLEARANCE SYSTEM

Hands of Committee.

WASHINGTON, April 22 .- The governors of the twelve Federal reserve banks have been in conference here this week with members of the Federal Reserve Board on plans for establishing a nationwide clearance system. The board made this announcement to-night:

"The topics considered by the meeting included the question of the handling of the gold settlement fund, held by the Federal Reserve Board for the Federal reserve bank and agents, the receipt from collectors of customs and internal revenue of checks carrying exchange charges, the method of calculating dividends for national reserve banks, the conversion and disposition of the United States bonds and notes, 'no protest' items, amendments to the Federal reserve act, the replenishing of 5 per cent. redemption funds for member banks and collection and clearance.

lection and clearance.

"Practically all the time of the conference was devoted to the discussion of a plan for countrywide collection and clearance of checks. Frequent confer-ences have been held with a sub-com-mittee of the Federal Reserve Board on

this subject.
"At the time the meeting adjourned the details of collection and clearance
